4. Administrative Report:

- The pumpkin patch was a great success. Students had a great time and everyone was able to get a pumpkin. The Delview leadership students did a great job of unloading the pumpkins and setting up the field. The entrance that Julia made was a great addition to the patch; as well as the backdrop, that was provided by the school, and the hay and extra pumpkins, provided by Tara Regehr, made the perfect set up for photos. It even made the school district's facebook page!
- The students did a virtual Halloween Parade Oct 30, wasn't the same but it was still fun.
- The virtual Book Fair did better then other years. The next one will be in Feb.
- The virtual Remembrance assembly went well.
- There was an email that went out reminding parents to not hang around the school after pick up to adhere to recent public health orders regarding gatherings.
- There were changes made to the intermediate outside recess/lunch schedule; it is now a daily rotation. The admin will be looking at possibly making some similar changes to the primary side, more to come on that.
- 2 projectors needed replacing; PAC has agreed to purchasing those projectors.

5. Update on Gaming:

- PAC is working on the revenue report that the government has asked for. It should be ready to go by the end of the week.

6. Upcoming Fundraising Updates:

- Given the recent spike in Covid cases and the closures of some schools, PAC has decided to hold off on any fundraisers until the New year.

7. Open Floor

- It was asked about the broken intermediate slide; it appears to have been damaged during Halloween. A work order has been made.
